

EVP Jostein Chr Dalland Digital Forretningsutvikling Storebrand

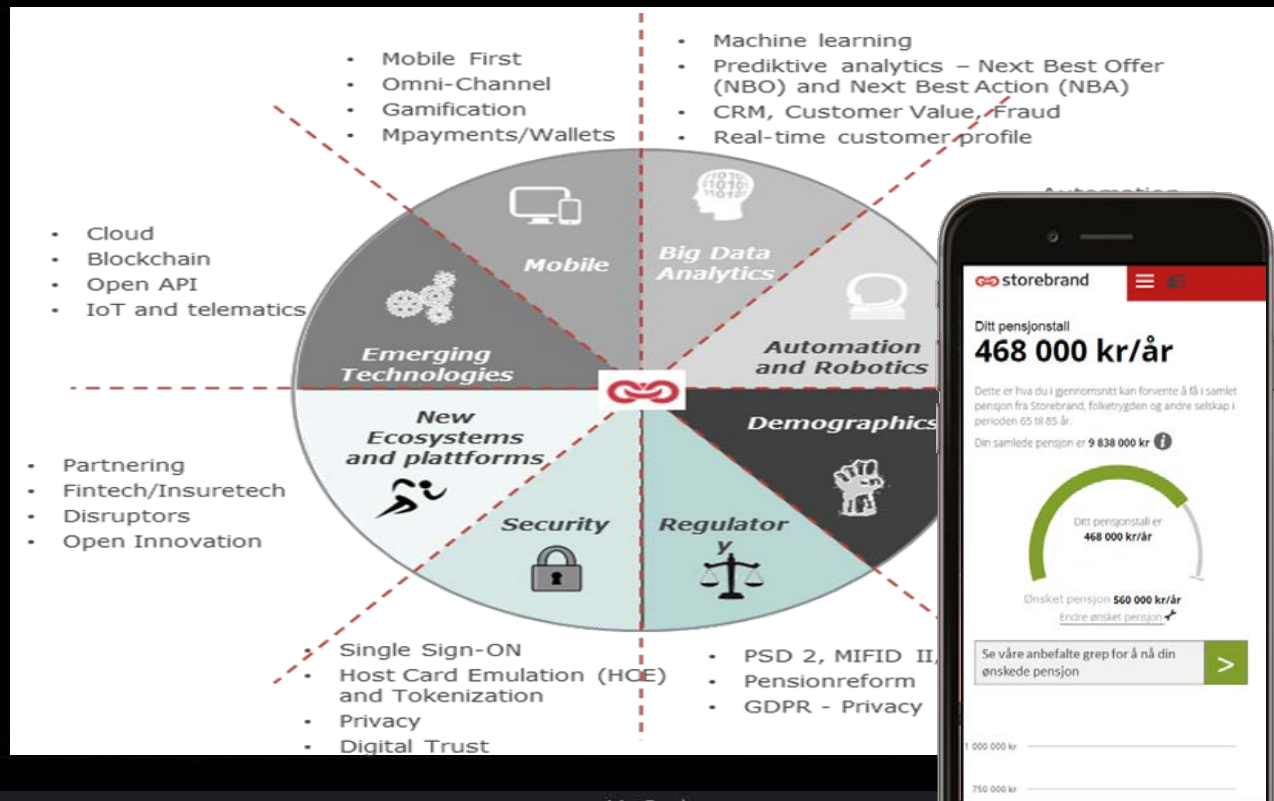

Storebrand – the world's most sustainable insurer

Storebrand was named the world's most sustainable insurance company, and the second most sustainable company in any category, at the World Economic Forum 2017. We are proud and humbled. Proud, because sustainability is at the core of our business. Humbled, because we work hard every day to give our 1.9m pension customers a future to look forward to.

***What got us here,
won't get us there.***
